About Live2Test 2027

The Premier Conference for Software Testing

As we have always been desirous to build a social platform for software testers and people who are interested in testing and quality assurance, we have created our social brand and motto, Live2Test®! Live2Test® is a social platform, and a series of events for testers to communicate, to share, to teach, to learn, to consult, to develop and to socialize. Live2Test® is a social platform to get testers out of their comfort zones and make them interact.

Recap of Live2Test

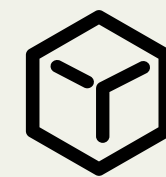

We expect to have at least **1500+ attendees** in the conference!
